For Before-Election News, For Complete Election Returns, For After-Election News, For All News of Interest,

### Read the Daily Times-Dispatch,

No other newspaper in the United States will give the election returns so quickly, so accurately, so completely.

The days immediately before the election will be lively ones, and you will find all the news of how both parties conduct the closing days of their campaign in the Times-Dispatch.

Its display of election returns will be the most complete and elaborate. Not only will all news be written by the marvelous telautograph on a giant sheet stretched in Capitol Square, but a continuous performance will be given by moving picture machines, caricaturists and a band of

The aftermath of the election will be most interestingly given.

MRS. ASTOR'S FUNERAL

Sportsvilvania, va. October 31.
A conference was held bere yesterday by several business men looking to the formation of a foint stock company, whose object will be to build an electric raliway to run from Spotsylvania to Minerai City and Fredericksburg. This line, if built, will pass through a section of the country rich in mineral deposits, and would be the starting step to the development of this entire section.

It was suggested and approved that the attention of Northern capitalists the brought to this project, with a view to securing their co-operation and aid.

THE STIEFF Self-Player Piano

## The Piano That Everyone Can Play

ever detracting from the wonderful tone or the exterior appearance of the piano.

Self-playing attachment operates the mechanical part of the piano, with all of the shading, tempo, the color and the soul of the composer conveyed through the operator's every impulse, by the use of the expression levers, so conveniently arranged that his every mood and feeling are conveyed through this wonderful instrument.

derful instrument.

The Plano is at all times ready to be played by the mechanism or by hand in the usual way, or the performer who so wishes may add additional notes to the composition with either or both hands, while the perforated roll brings out all of the melody or the accompaniment, as intended by the composer, as the mechanism of the player-action does in no way interfere with the action of the Stieff Plano, and is not attached to or made a part of our regular Plano, but simply a player placed inside of our regular Stieff Plano.

### It is a Pleasurable Necessity---Not a Luxury

The resources and possibilities of the Stieff Self-Player Piano are almost unlimited. Every music-lover, who unfortunately may not be an accomplished musician, by this instrustrument is enabled to correctly interpret the most difficult compositions. It is a piano for the home, which may be played by any member of the family or their visiting friends and relatives. Especially does it offer exceptional advantages to schools and colleges with music departments, and presents an instructive feature of demonstrating or giving complete recitals by the world's greatest masters.

Self-Player Piano? The pure, sweet, charming tone; poetic delicacy of touch and action; artistic design and finish and the unexcelled workmanship of the Stieff Plano are due to sixty-live years' progressive study and experience in plano-making. Our method of ing direct from our factory guarantees absolutely the great-

What Better Investment Than a Stieff

selling direct from our factory guarantees absolutely the greatest value.

We have adopted the Standard tracker board, by which any standard roll of music may be used. This permits a repertoire of nearly 15,000 selections, and gives to purchaser the privilege of exchanging music with his neighbor, who may own a cabinet player with a standard tracker board. However, when music rolls are sold at 50 cents to \$1.75, and never wear out, the cost of operation is virtually a profitable investment.

Write or call for our handsome illustrated booklet, "From Popular Song to Grand Opera," which tells you more about this Self-Player Piano.

Easy terms, or your old plane taken in exchange at a liberal valuation.

Chas. M. Stieff,
